The proposal will be reviewed by each member of the PhD Advising Committee and they will provide a numerical score for each category, ranging from 4 (outstanding) to 0 (unacceptable). For each of the 6 categories the student will receive a score that is the average of all faculty scores in that category (4 points max). The overall score will be the sum of each categories (24 points max).

To pass:

(1) You must receive an overall score in the ACCEPTABLE range (>12/24 points)

AND

(2) Receive a marginal score (>1) in each individual category.

AND

(3) Receive an acceptable score (>2) in 4 out of the 6 categories.
